

# TURTLE TALK

## Safe, Fun and Easy to Use

Using a communication device, tablet or laptop on the floor has never been as much fun or as safe. The Turtle Talk, an innovative and fun new product from CJT, safely supports your device while using it on the floor.

Engineered for safety and fun, the Turtle Talk allows you the option of either physically locking your device into an upright position or removing the upright plate and securing the device on to the turtle's back with Velcro. With a detachable leash and four wheels, the Turtle Talk glides smoothly over most surfaces. The turtle shaped body gives you stability and the anti-tip legs give you peace of mind when maneuvering the Turtle Talk through obstacles.

Constructed of aluminum for durability and powder coated to enhance the look and protect the surface, the Turtle Talk is a perfect companion for children and adults using a device while on the floor.

### Advantages:

- Manufactured from high quality aluminum
- Durable & Stable
- Unique turtle shape makes it fun to use
- High quality wheels glide smoothly over most surfaces
- Locking wheels
- Protective powder coat finish
- Detachable leash
- Anti-tip leg design
